## READINGS: ASKING A GOOD QUESTION

The key to successful readings is asking a question that has three qualities:

1. It has "heat" (it is important to you)
2. It can't be answered yes or no (it is not a "should" question)
3. The answer is not implied in the question (don't "lead" your cards, let them surprise you with insights you couldn't know otherwise)

## AxM FOUR CARD SPREAD

### MODULATE

We love this "Goldilocks" spread because it keys us into our power and shows us how to sync up with the energetic flow of All That Is. It is also a fantastic spread when for working with Shadow – which in SoulCollage® is defined as simply too much or too little of anything.

#### Card 1

Represents some energy/identity you need to dial up in reference to your question.

#### Card 2

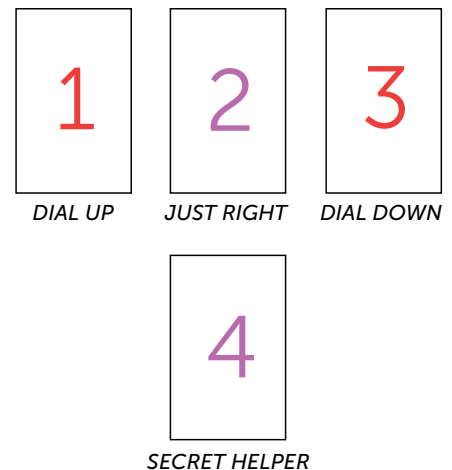

Represents something that is "just right" - you've got it going on at the perfect level.

#### Card 3

Something that needs to be dialed down, or where you need to be calmed down.

#### Card 4

A secret helper who is helping you modulate and achieve perfect synchronicity behind the scenes.
